

# PORTABLE

Enjoy climate controlled comfort with the NEW stylish range of LG portable all conditioners.

## Our Mission

To create an optimal environment for people to live, work, meet and relax by providing energy efficient, quiet, simple to use and reliable air conditioning solutions.

## World Leader

As a world leader in air conditioning technology and largest manufacturer of air conditioners in Korea, LG has invested millions of dollars in research and development to produce energy efficient, quiet, simple to use and reliable air conditioning products.

## Auto Clean

### Dries moisture on heat exchanger for a few minutes after A/C is turned off

A main cause of air conditioner odour is mould and bacteria that breed in the heat exchanger. The Auto Clean function dries the wet heat exchanger to help prevent mould and bacteria from breeding thus significantly reducing the mildew odours and saves you from frequent cleaning.

#### 1 STEP

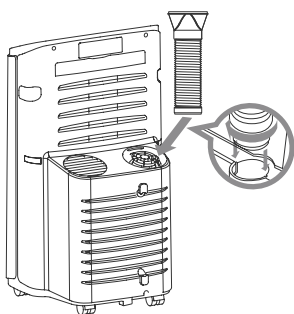

**Dries the evaporator with gentle low noise air from the fan by removing any remaining moisture.**  
Pressing the Auto Clean button will activate the automatic cleaning function after the cooling operation.

#### 2 STEP

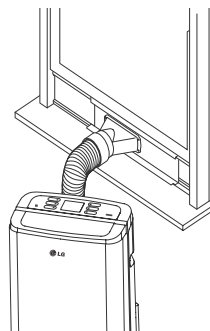

**Removes mould through the Neo Plasma system.**  
Only the fan will operate to dry the inner part of the air conditioner in just 30 minutes.

## Easy Installation

### Easy Connection One Duct System

### Easy Connection Installation

# Specifications

MODEL		P09UCMO	P12UCMO	P15UCMO	
<b>PERFORMANCE</b>					
Performance (Cooling)	kW	2.30	3.10	3.70

## FEATURES

### Attractive Design

- Stylish Design
- White LCD Display
- Electronic Touch Controls

### Convenience

- Convenient Window Installation
- Auto Clean
- 24 Hours On/Off Timer
- Auto Swing Air Vent
- LCD Remote Control
- Magnetic Remote Control Holder (P09UCMO / P12UCMO)

Note • Due to our policy of innovation some specifications may be changed without notification.

• Sound level are determined in an anechoic chamber at a distance of 1 m. Actual installed noise levels will vary depending on the installed location.

• Information contained in this brochure is a guide only and LG strongly recommends that you ask for advice from specialist installers and retailers, who can assist with measuring rooms and testing. Specialists can tell you the best size and type of air conditioner suited for your needs.
